

Tradition & Future

Located inside the beltline and only few minutes from downtown Raleigh, our Club is a vital part of professional life in the City of Oaks. Having evolved considerably in recent years, the Club remains as a milestone in golf history as well as a cornerstone in the careers of the city's most distinguished achievers.

Our philosophy is to promote real golf for the true golfer within a service-oriented country club environment. Raleigh Country Club is dedicated to maintaining a challenging and competitive golf setting, in addition to providing premium dining and recreation opportunities for its membership.

New members soon find themselves among a diverse group of men and women actively involved in local, national, and international affairs.
